## Early Help

### Free Courses for All Parents

We are delighted to let you know about details of a series of free courses for parents. The FREE online courses have been developed by psychologists and professionals and are highly rated. They are designed to help you understand your child's feelings, as well as focus on your own feelings as you go through life as a family. You will also learn to understand the changes in your child's development and how to make the most out of each relationship. We wholeheartedly recommend these courses – they are for everyone, for everyday parenting. They don't tell you how to parent, that's up to you. Instead, they give you a framework for understanding what might be going on and space to think about how you want to respond. They are for ALL parents, carers, grandparents and teens because we all need a bit of headspace and thinking time occasionally. The latest course is "Understanding the Impact of the Pandemic on Your Child" Explore the courses here <https://inourplace.co.uk>

The password to access the courses is PARENTSROCK.
