Action Plan

Eco-Schools Topic: **School Grounds**

Aim: **To make better use of the school grounds for learning and exploration.**

Action(s): **To plant bulbs and seeds for growing. To take part in lessons outside rather than in class.**

How long will it take? 1 year

Who is responsible?
Eco , AH

How we will monitor progress: Plants will grow and can be sold to parents or used in class cooking.

Evaluation: all classes planted beds and grew produce. Classes also went outside much more for lessons.

Eco-Schools Topic:

Waste
Aim: **To reduce waste across the school.**

Action(s):

To set up more waste management across school, encouraging recycling.
Class recycle bins
Textiles collection
Battery hunt

How long will it take?

1 year

Who is responsible?
Eco

How we will monitor progress: By the amount being recycled compared to land fill.

Evaluation: Gone really well children are recycling more and asking if it can be recycled rather than just thrown away

Eco-Schools Topic:
Bio diversity

Aim: **To increase awareness of the natural world.**

Action(s): **To encourage the children to go out and learn about the plants and animals. Take part in the bird watch, achieve the green tree award.**

How long will it take?

1 year

Who is responsible?
Eco, Class teachers

How we will monitor progress: By the achievement of the award.

Evaluation: All classes took part in the bird watch. Year 1 achieved the green tree award through the work they did in forest schools.
